Dear Sirs,

I am sending this letter
to object to the tower
that is to be erected on
1408 Village Tr. Lexington
Harrison Co., not only
would it be out of place,
it would be dangerous to
Hillsent cemetery, if it was
to fall, it would destroy
many gravestones, etc.

Please reconsider this,

Thank you.

RE: PSC Case Number 98-139 (Sav-a-Lot Site)

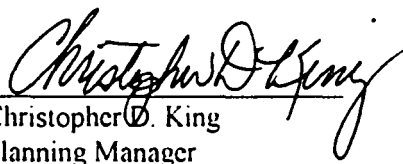

Dear Ms. Helton:

The Lexington-Fayette Urban County Government (hereinafter referred to as LFUCG) wishes to state concerns regarding the above-captioned amended application for a cellular tower and equipment shelter for property located at 1408 Village Drive. I specifically request that either the PSC or the applicant address the following items as appropriate:

1. The relationship between the site and the adjoining residential property to the north (within fall line).
2. The maintaining of at least the minimum required parking for the business uses presently on the site. Information supplied to the LFUCG by the applicant to address this question appears to be in error based upon ordinance requirements. The LFUCG will further review the site to determine whether or not there would be a problem with required parking.
3. Addition of a condition by the PSC that the tower be removed if it ever ceases to be used as a cellular transmitting facility.
4. Information as to proposed screening/buffering of the proposed facilities from adjoining property.

This letter is to establish the LFUCG as a party of record in this case. The LFUCG will continue to review the application and any response received in the hope that any concerns can be addressed short of requesting intervention. I am also sending a copy of this letter to W. Brent Rice, attorney for Powertel/Kentucky, Inc. The Lexington-Fayette Urban County Government looks forward to a response from the applicant and/or the Public Service Commission on these requests.

Sincerely,

Christopher D. King
